

GERMAN TANKER SHIPPING

Ship Owners & Tanker Operators

German Tanker Shipping GmbH & Co. KG is a shipping company founded on 01.01.1998 and based in Bremen. Our fleet consists of 14 modern oil product tankers, all built in Germany. From day one, it has been part of our philosophy to provide our tankers with all-round support as a “genuine” shipping company. Construction supervision, manning, chartering, operations, accounting, financing, IT, payment transactions, insurance, supply of supplies and spare parts, maintenance and inspections as well as the constant monitoring and improvement of all quality and safety standards were and are managed centrally from Eduard-Schof-Allee in Bremen.

We are seeking a dynamic and motivated **Technical Junior Superintendent (m/f/d)** to join our team.

This role offers an excellent opportunity to gain valuable experience in the maritime industry and work alongside experienced professionals. This position provides a clear career path towards a Superintendent position.

Key Responsibilities:

- **Technical Support:**
 - Provide technical support to vessels, including troubleshooting equipment failures and system malfunctions.
 - Assist in developing and implementing maintenance plans and procedures.
 - Monitor vessel performance and identify areas for improvement.
- **Regulatory Compliance:**
 - Stay updated on international maritime regulations and ensure vessel compliance.
 - Assist in preparing and submitting statutory documentation.
 - Coordinate with classification societies and flag state authorities.
- **Newbuilding Supervision:**
 - Participate in newbuilding supervision activities, including shipyard inspections and acceptance trials.
- **Budgeting and Cost Control:**
 - Assist in developing and managing budgets for vessel repairs and maintenance.
 - Monitor expenditure and identify cost-saving opportunities.
- **General Assistance:**
 - Assisting with project management and coordination.
 - Preparing reports and presentations.
 - Managing and maintaining technical documentation.
 - Liaising with internal and external stakeholders.

GERMAN TANKER SHIPPING

Ship Owners & Tanker Operators

- **Drydocking**

Assisting in preparing the vessels including

- Developing scopes of work
- Coordinating with shipyard and contractors
- Overseeing the execution of repair and maintenance works
- Ensuring timely completion of drydocking projects

Qualifications and Skills:

- Bachelor's degree in marine engineering or Naval Architecture.
- Strong technical knowledge of marine engineering systems, including propulsion, electrical, and auxiliary systems.
- Excellent communication and interpersonal skills.
- Ability to work independently and as part of a team.
- Proficiency in relevant software applications.
- Experience in a shipping company or classification society is preferred.

What we offer:

- a company hierarchy with short lines of communication
- company health and accident insurance
- a company pension scheme
- flexible working hours and remote working with modern equipment
